**OAKLAND UNIVERSITY STRATEGIC PLAN
2014-2019**

1. **Division and Department:** Office of the President

2. **Introduction:** Oakland University will offer a powerful educational experience that emphasizes distinctive and exceptional teaching, learning, and research opportunities. The University will strengthen its leadership in providing high quality and personalized education, utilizing effective and innovative support strategies, and meeting the needs and aspirations of our community and region.

Oakland University is ready to build upon its bold and remarkable past as it charts an exciting and even more powerful future. Our strategic plan will describe that future and help ensure our steady progress.

We seek approval by the Board of Trustees for the framework of the formal plan, comprising a revised mission statement and three goals.

3. **Previous Board Action:** None. While over the years there have been other planning activities at OU, we are aware of no effort that has been as broad based, transparent, and collaborative as the current planning process, including every campus constituency as well as the Board of Trustees.

4. **Budget Implications:** Budget implications will be addressed as the full and formal plan is developed. As with all institutional initiatives, implementation of the strategic plan and availability of institutional resources will be closely linked.

5. **Educational Implications:** The intent of the strategic plan is to focus on educational quality and to enhance student success across campus.

6. **Personnel Implications:** Personnel implications will be addressed as the full and formal plan is developed.

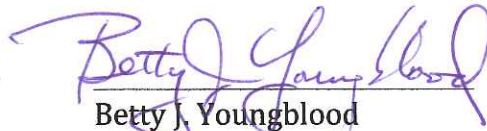

7. **University Reviews/Approvals:** This recommendation has been reviewed by the Strategic Planning Committee, the University community in campus forums, the Planning Review Committee of the University Senate, the full University Senate, and the Vice President for Organizational Development and Strategic Planning.

8. Recommendation:

RESOLVED, that the Board of Trustees authorizes the Vice President for Strategic Planning and the President of the University to move forward in development of a full and formal strategic plan, structured around the mission statement and goals as presented.
