If you are attempting to go on the waitlist for any other School of Business course, please refer to the directions below for how to add on to the SAIL waitlist:

1. Log in to **SAIL**
2. Look up the CRN for the section of the course you want to add. You can do this by clicking on "Look up Classes to Add" link under Registration. Write down that CRN.

3. Go to the "Add/Drop" link under Registration. Type that CRN into the box at the bottom of the screen then hit "Submit Changes".
4. A message will pop up that the class is closed and it will tell you how many people are currently on the waitlist. There will be a drop down menu where you will have an option to waitlist. Select waitlist from the drop down menu then hit “Submit Changes”.

5. You can view your waitlist information if you click on “Student Detail Schedule” under Registration. This will tell you your current spot on the waitlist. It will update regularly so you can keep checking for your updated spot.

6. If and when a spot becomes available, you will be sent an email to your OU email account and will have 24 hours to register for the course. If you do not register within that 24 hours, your spot will be given to the next person on the waitlist. If that happens, you will need to start the process over again.

The above picture shows what appears to be an open MGT 350 course. However, students must look to the “WL Act” column. If there is a number there, it means the course is actually closed. The seemingly open spot is for the first person on the waitlist to register for the course. Only that person whose turn it is on the waitlist can register. All other students must go on the waitlist. If the “WL Act” column showed zero, then any eligible student would be able to register for the course.
