Camps offered in St. Clair County are presented in partnership with St. Clair KnowHow2Go and St. Clair County Community College.
As the school year comes to an end, you’ll be getting ready to enjoy fun times with your friends this summer. But as a college-bound teen, summer is also an excellent opportunity to decide on your college major and future career path.

Oakland University’s Career Exploration Summer Camps are a unique pre-college experience for motivated and ambitious high school teens. You’ll be immersed in the fastest-growing career fields like healthcare, engineering, criminal justice, business, graphic design and more through:

- skill-building activities
- hands-on team exercises
- action-packed field trips
- dynamic discussions with OU faculty and staff

You’ll also learn about current and emerging careers, projected employment by field and required abilities for each profession. And find out what you can do while still in high school to prepare for your future.

Colleges look for applicants who not only have good grades but those who have participated in different activities before graduation. Attending one of our camps is a great way to build your resume and gain a competitive edge.

Visit oakland.edu/careercamps for detailed camp descriptions.

CAREER EXPLORATION CAMP
June 22 – 26, 2015
OU’s Anton/Frankel Center (Mt. Clemens, MI)
8 a.m. to 3 p.m.
Cost: $150
Discover your future as you explore exciting career options in engineering, criminal justice, business, healthcare, and graphic design. Alongside OU faculty, you’ll build a light bulb, develop business strategies, participate in healthcare simulations and much more.

HEALTHCARE PROFESSIONS CAMP
July 13 – 16, 2015 | Aug. 3 – 6, 2015
OU’s Human Health Building (Rochester, MI)*
9 a.m. to 3 p.m.
Cost: $205
Explore several high-demand healthcare professions, including nursing, medical laboratory science, nutrition, exercise science and physical therapy. Students from the OU William Beaumont School of Medicine will also discuss careers in medicine.

ENGINEERING & COMPUTER SCIENCE CAMP
OU’s Anton/Frankel Center (Mt. Clemens, MI)
8 a.m. to 3 p.m.
Cost: $175
Participate in hands-on activities and simulations like constructing a solar panel and building electronic motors as you learn about some of the highest-demand careers in industrial, systems, mechanical, and electrical engineering and computer science.

AERIAL ROBOTICS CAMP — NEW FOR 2015
July 20 – 24, 2015
OU’s Anton/Frankel Center (Mt. Clemens, MI)
8 a.m. to 3 p.m.
Cost: $175
Details coming soon!

GROUND ROBOTICS CAMP — NEW FOR 2015
Aug. 10 – 14, 2015
St. Clair County Community College
(Port Huron, MI)
9 a.m. to 4 p.m.
Cost: $175
In this introductory-level camp, you’ll work with Lego Mindstorms and VEX Robots to compete in a team-based activity against other teams in the camp. You’ll work alongside OU faculty and instructors to learn new concepts and build, adjust and program your team’s robot.

CAREER EXPLORATION CAMP
August 17 – 21, 2015
St. Clair County Community College
(Port Huron, MI)
9 a.m. to 4 p.m.
Cost: $150
Discover your future as you explore exciting career options in criminal justice, business, healthcare, graphic design and communication. You’ll participate in healthcare simulation activities, visit a sheriff department, develop business strategies and much more.

Camp cost includes field trip transportation, lunch and snacks – and your camp T-shirt.

*Transportation for this camp is available from the Anton/Frankel Center. Drop off is 8:15 a.m. and pick up is 3:45 p.m.

Oakland University’s highest priority in providing exemplary academic, athletic and social programs for youth is protecting the health, safety and welfare of all participants. To achieve this critically important goal, carefully screened and highly trained personnel enforce protocols designed to ensure safe conduct and supportive interaction between youth and program leaders. To learn more about OU’s youth protection efforts, visit oakland.edu/youth.
