OUWB Congratulates Capstone Competitive Scholarship Award Recipients

Eighteen outstanding Oakland University William Beaumont School of Medicine (OUWB) students from the class of 2016 received Capstone Competitive Scholarship Awards for their commitment and hard work.

The Capstone program is an important component of the OUWB curriculum and encourages medical students to develop skills in initiating scholarly work, identifying appropriate resources, developing and evaluating protocols, collecting outcomes data, analyzing results and disseminating their findings to the appropriate audience.

The following students received scholarship awards (shown within funding categories in alphabetical order).
