Master in Liberal Arts (MLA)

Program Path:

IDS Type: Unrestricted IDS

Program Type: Foundational IDS Program

Description: The University's Master in Liberal Arts is a post-baccalaureate program designed to supplement and enrich a student's previous education in the liberal arts. Unlike conventional graduate programs with their narrower specializations, the MLA program encourages, in fact by its very nature requires, students to expand their knowledge in various disciplines. The program therefore aims not only at a deeper understanding of each subject studied, but also at an integration of the various aspects of knowledge, art, and life. This is an exceptional opportunity for those who would like to obtain a master's degree and add to their knowledge, especially in areas not covered in their undergraduate education. (From website.)
