Master of Arts in Interdisciplinary Studies

Program Path:

IDS Type: Unrestricted IDS

Program Type: Floating IDS Program

Description: The Interdisciplinary Studies Program reflects Antioch University New England’s long-standing commitment to the concept of individualized learning within reasonable boundaries, with the learner taking an active role in the design of the program of study. The interdisciplinary studies degree option is designed to provide students with the opportunity to individualize a degree program that combines study in two or more of the major academic disciplines at Antioch University New England or undertake a specialized concentration within a degree program currently offered. (From website.)
