This is a breakdown of how a student, knowing they wanted to be a Chemistry major upon entering OU, could complete the General Education, CAS Exploratory and major requirements within a 4-year period of time. This plan is an example only and not a guarantee of course offerings.

The below plan is based on ACT of 16-27 English and 28 or higher Math or AP/IB/CLEP equivalents.

<table>
<thead>
<tr>
<th>Year</th>
<th>Fall</th>
<th>Winter</th>

2 – CHM 438 (W only)  
3 – CHM 400-level Elective (F/W)  
4 –CAS Exploratory  
4 – G.E. Category | TOTAL – 15 credit hours  
TOTAL – 17 credit hours  
32 credits       |
| 4    | 4 – CHM 343 (F only)  
0 – CHM 400 (F/W)  
2 – CHM 400-level Elective (F/W)  
4 –CAS Exploratory  
3 – Elective | 3 – CHM 491 (F/W/S) or CHM 457 (Capstone & lab req) (F/W)  
2 – CHM 348 (W only)  
0 – CHM 400 (F/W)  
4 – Elective  
3 – Elective | TOTAL – 13 credit hours  
TOTAL – 12 credit hours  
25 credits       |

Note: The foundation courses required for chemistry majors need to be taken in the sequence outlined above. The material covered builds on prerequisite course material. Taking any course out of sequence or without the proper prerequisites will put the student at a disadvantage for success in the course and is strongly discouraged. The term “elective” may not be completely “free” in that this table does not address the university requirements of G.E. Integration or 32 credits at the 300/400 level.

Total = 124 credits
