I. Approval of Potential Legislators, presented by Legislator Rachel Boye
   i. Jeffery Schuett
      1. Jeff told the legislature about his experience at Oakland thus far, as well as his current involvement with the Student Veterans Association. Legislator Iwanski asked Schuett what his favorite thing about Oakland was. Jeff mentioned that Oakland is a close knit community, and that whenever he goes to events he sees new faces as well as familiar ones, making him comfortable. Legislator Ellis asked Jeff if he had any initiatives to put in place while serving as a legislator. Schuett stated that he would like to see the students take back control of Homecoming instead of faculty and staff. Jeff also stated that he would like to get retailers within a fifteen mile radius to start selling Oakland gear. The last initiative Jeff mentioned was to get scholarships for student veterans. Legislator Laux asked Jeff how he plans to get more students to participate in events. Schuett stated that he sees fellow student veterans in his classes, and currently takes the initiative to meet them and see what they would like to see changed on campus. He plans to also do this with the student body as legislator. Legislator Boye asked Schuett how he can represent the diversity of students throughout campus. Jeff stated that he can represent the student body in an unique way, being that he is a non-traditional student himself, and a veteran. Mr. Ahmed asked Schuett what his biggest weakness was and how he can combat that weakness. Jeff mentioned that he gives too much of his personal time for others. He plans to combat that by giving less of that time up.

Cassie stated that she is a very open and accepting person, as well as willing to ask students what they would like to see different on this campus. Mr. Brown spoke on her behalf, stating that she is very involved in campus and is passionate about Oakland. Legislator Williams asked Cassie how she plans to expand her horizons on this side of the bridge, being that she is very involved on campus. Cassie stated that she would like to get students to be able to have double sided printing, as it will
be more eco-friendly. Legislator Laux asked Hock if she would be able to balance current involvement and classes with being a legislator. Hock stated that she recently quit her job to specifically have more time to be a legislator. Legislator Townsend asked Cassie if she had any changes that she would like to see.
