VI. Old Business
   a. C.B. 15-02, presented by Legislator Jeffrey Schuett
      i. Legislator Jeffrey Schuett struck C.B. 15-02 from the agenda
   b. C.B. 15-04, presented by Legislator Brittany Hall
      i. Legislator Hall reviewed the contents of the bill, that the plaques need to be updated in
         the office to reflect the past administrations
      ii. Vote: 6 yay, 0 nay. Approved
VII. New Business
   a. Fall Budget, presented by Mr. Sam Harris
      i. Mr. Harris reviewed the budget. He said that the big changes were the increase in payroll
         to $9.25 per hour to change along with the minimum wage raise in state legislation.
      ii. Legislator Kubinski asked if the wage will rise again in winter 2015. Mr. Harris said that
          it will not. Ms. Allison Webster said that eventually the minimum wage with raise
          statewide to $9.25 per hour.
      iii. Legislator Townsend asked the reason for non smoking initiatives. Mr. Johnson said that
           since the University policy is a smoking ban Student Congress supported it. Mr. Czewski
           said that he has met with Cora Hanson of Environmental Health and Safety and Ellen
           Searle about the increase of awareness of the initiative. Legislator Schuett said that the
           police do not enforce this policy so he questioned why Student Congress should enforce
           it. Mr. Johnson discussed that since it is not a police ordinance the police cannot
           technically enforce it as a law. Schuett asked why there is money allocated to this if this
           is the reason the position exists. Ms. Webster clarified that this is why the money is under
           the position so that Mr. Czewski can create and implement non smoking initiatives.
           Czewski said he took advice from Ms. Hanson on having money allocated to initiatives
           through the semester. Legislator Kubinski asked if there was any action with the
           resolutions passed by Congress in the previous semester. Czewski answered that they
           were not submitted to administration. Legislator Schuett asked if there had been any
           contact to the County or State for free items that volunteers could pass out in high
           trafficked smoker areas. Czewski responded that there were free items in the Graham
           Health Center but very few people took advantage of the opportunity. Legislator Searle
           mentioned that she spoke with Julie Proctor of Graham Health Center and Proctor said
           there was little interest.
      iv. Legislator Schuett asked why there were no scholarships on the budget. Mr. Harris said
          that the executive board voted to remove it from the budget. Ms. Hock explained that the
Executive Board decided that the scholarships should be submitted in bill form so that they can be discussed by the Congress. Legislator Kubinski spoke as the previous chair of the Scholarship committee that she learned after budget approval that she was able to put scholarships on the budget at the beginning of the semester instead of as a bill. Mr. Pokrefky said that he hoped they would be approved as a bill to further educate Student Congress on the intent of the Scholarships. Legislator Searle said that it is unfair to discuss this topic without Legislator Nixon present. Searle motioned to end discussion about scholarships on the budget. No second. Mr. Harris said he spoke with Nixon but she never replied to him with specific line item scholarships until after the budget was due to the steering committee. Legislator Kubinski said that it would take two weeks to pass a bill therefore she suggested that there be a line item suggestion for marketing scholarships. Legislator Townsend asked Mr. Harris to meet with Nixon before the second reading. Ms. Iwanski said that this issue was a bit of a communication error but it was good to have a meeting with Nixon.

v. Legislator Hall brought up the National Association Campus Activities Conference which directly benefits the Student Program Board because they were able to see different people that help with marketing and events. Hall thought Ms. Jessah Rolstone should attend to help with planning events, networking and the lecture series. Hall thought this would be beneficial for the Marketing Director and Multicultural Affairs Director. Ms. Webster added that it would cost $200 per student. The other cost would be per diem. Legislator Kubinski offered her support of this idea and yielded to Mr. Harris. Mr. Harris said this could be categorized under Leadership Development. Ms. Ploe said that she would need to sit down with everyone to discuss the details.

b. C.B. 15-05, presented by Legislator Ellen Searle

i. Legislator Searle said this was a bill she wrote when she realized there were no guideline set for the tailgate committee. She said she worked with Mr. Pokrefky on this bill. Ms. Plow said that she thought the guideline were extensive and extreme. She said they should be things that are overarching guidelines for all committees. That the guidelines in the bill should be specific to the tailgate and they were not. Searle said this should be brought up to Legislator Schuett to be added to the general committee guidelines. Ms. Ploe said that committees with such extensive rules are intimidating to students. Ms. Webster added that adding these rules to the bylaws remove the eboard members ability to run their committees however they would like, as a voluntary committee it is too formalized. Ms. Meinberg said that in reviewing the bylaws there are some changes that can be made. Ms. Webster thought the attendance and execution policy should be removed. Legislator Hall agreed that the execution and attendance policy should be removed. Searle said that the attendance policy is there to remain consistent with the other attendance policies outlined in the bylaws. Kubinski thought the attendance policy was a good idea in theory but she would prefer committee members have the ability to make up time they missed. Searle said she did not want the rules to have to be too strict. Searle made a friendly amendment to change the number of absences to 5. Legislator Schuett said that this would not be consistent with the changing and updating of the bylaws. Ms. Ploe feared that this was comparing legislative committees to eboard committees and giving some legislators power over other legislators.

c. SAF Percentages, presented by Ms. Annie Meinberg

i. Ms. Meinberg said that the percentages of different SAFAC Organizations were proposed to change. Ms. Ploe said that this only needed to get voted on by the elections commission to go on the ballot. Allison said that this must be approved by Legislators. Ms. Webster said that the changes are because the Student Activities Funding Board
always has a negative balance at the end of the year and the number of student orgs is growing so they need to request money from SAFB. Vote: 5 yay, 1 nay. Approved

d. **Approval of Tailgate Committee, presented by Legislator Ellen Searle**
   i. Mr. Josh Pokrefky, Legislator Brittany Hall, Mr. Andrew Laux, Mr. Sam Harris, Mr. Jorge Garcia, Ms. Rylin Ploe

i. **C.R. 15-01 Advising Resolution, presented by Legislator Ellen Searle**
   i. Legislator Searle said that this resolution was brought to her attention by Mr. Brandon Hanna. She created the resolution because there was an issue with advisors having a caseload of so many students. Ms. Ploe asked why this was only for three of the nine schools and colleges at Oakland. Searle said she got all of her information from Shannon. Ms. Webster said that Student Congress should not support just one school or college. Legislator Schuett motioned to table this resolution until enough information is provided. Seconded by Legislator Kubinski. Vote: 6 yay, 0 nay.
