NEW DEGREE PROGRAM – GUIDELINES AND PROCEDURES

The Senior Vice President for Academic Affairs and Provost encourages proposals for new degree programs since continuing program development is vital to the university. This process may take up to two years – timing of the proposal submission is crucial. The timeline presented in this document is a general guide for new program development.

However, to meet this timeline it is crucial to have a well-reasoned and documented proposal. It is the purpose of these guidelines to help academic units develop good proposals and to elucidate the approval process.

The new degree proposal is a detailed description of the new program as outlined below. While writing the proposal, it is important to remember that it is the principal document used in the approval process for the program. Therefore, it must be written so that it is suitable and sufficient for two different audiences: 1) various faculty and administrative bodies within the university, and 2) a consultant, usually an expert in the field.

Any questions regarding the preparation of the proposal should be referred to the Graduate Study and Lifelong Learning.

The Proposal

I. Rationale

a. How the program will help promote the role and mission of the university

b. Need for the program – unique or distinctive aspects
   Use appropriate national, state, local, professional and disciplinary resources. Workforce Demand: What evidence is there of need or workforce demand in Michigan for graduates of this field?

c. List the goals and objectives of the program
   The goals, objectives and learning outcomes should lend themselves to subsequent review and assessment of program accomplishments.

d. Comparison to other similar programs – State/Regional/National
   Describe any overlaps with other programs at O.U. or other Michigan public universities and justify any duplication of programs or extensive course offerings.

II. Academic Unit

a. How the goals of the unit are served by the program
b. How existing staff will support the proposed program
c. Faculty qualifications - current scholarly activity of the faculty in the proposed program
   Appendix A
d. Current Resources and how will the new program impact existing resources

III. Program Plan

a. Admission Requirements
   • Preparatory undergraduate course requirements for admission to the program
   • GPA required for regular admission to the program
   • Any required degree, certificate or licensing
   • Academic term(s) and deadlines for applications for admission
   • Specific admission requirements such as additional letters of recommendation, statement of objectives, personal interview, or special exams.

b. Degree requirements.
   • Courses, credit hours and course prerequisite requirements Appendix B
     Identify new courses to be added and % of a course distance delivered
   • Exit option (thesis, dissertation, project, internship, etc) Appendix B
   • Additional requirements such as preliminary qualifying examination, comprehensive examination, thesis, dissertation, practicum or internship, some of which may carry credit hours included in the list above. (refer to Policy- PhD Minimum Degree Requirements on the Graduate Study website)
c. Curriculum Overview
   • Provide typical Plan of Study for students enrolled full-time in the program Appendix C
   • Provide course descriptions or syllabi for all new courses in the program Appendix D

d. Academic Progress – Probation – Dismissal
   • Provide criteria by which a student is evaluated on academic progress
   • Explain the steps that lead to probation and dismissal from the program

e. Academic direction and oversight for the program
   • Provide the name and position (or title) of the individual who will be responsible for the success of this program, and give the percentage of this individual's time that will be dedicated to the program.

f. Interdisciplinary programs
   • Participating academic units
   • Academic home - primary college/school and department home for the program
   • Statement of support from the Deans and department chairs with responsibility for providing courses and faculty for the program.
   • Process for recommending and proposing program changes

g. Accreditation
   • If the program is in an area in which professional or specialized accreditation is available, identify the name of the accreditation agency; indicate the timetable and the resource commitments needed to achieve accreditation.

h. Prepare a brief description of the program

i. Source of Students

j. Recruitment Plan

k. Planned Program Enrollment

l. Advising students

m. Retention Plan

n. Provide list of businesses that would likely employ graduates of the program

IV. Off Campus or Distance Delivered Programs

Address the quality, access and cost considerations for off campus or distance delivered program proposals.

a. A site is a place where instruction is taking place and students can do one or more of the following:
   i. Complete 50% or more of the courses leading to a degree program;
ii. Complete a full degree program (degree site); OR

iii. Complete 50% or more of the courses leading to a Title IV eligible graduate certificate

b. **Distance Delivered Courses** are defined as courses in which all or the vast majority (75% or more) of the instruction and interaction occurs via electronic communication, correspondence or equivalent mechanisms, with the faculty and students physically separated from each other.

c. **Distance Delivered Programs** are defined as graduate certificate or degree programs in which 50% or more of the required courses are taken as distance-delivered courses (defined above).

V. **Needs and Costs of the Program**

a. New Resources Needed for the Program

b. Source of New Resources

c. 5-Year Budget and Revenue from Program **Appendix E**

d. Library – Include library assessment report **Appendix F**

e. Classroom, Laboratory, Space needs

f. Equipment Needs

VI. **Program Assessment Plan**

Provide student learning outcomes for program, i.e., what students are expected to know and to be able to do upon completion of the program.

The format recommended by the Assessment Committee includes citation of appropriate goals from the University mission statement, specification of the program’s goals, identification of student learning outcomes linked to program goals, delineation of the measures for student learning outcomes, clarification of the “feedback loop,” and designation of the program faculty responsible for assessment activities. **Appendix G**

VII. **Appendices**
