

**REAPPOINTMENT OF AN INDEPENDENT
PUBLIC ACCOUNTING FIRM**

A Recommendation

1. **Division and Department:** Finance and Administration, Controller's Office
2. **Introduction:** The *Charter of the Audit Committee of the Oakland University Board of Trustees* (Audit Committee) provides that the Audit Committee is advisory to the Board of Trustees (Board) with the following duties and responsibilities in connection with the University's Independent Auditors. The Audit Committee shall:
 - A. Recommend to the Board of Trustees the appointment, compensation, retention, oversight and termination of all independent auditors.
 - B. Recommend to the Board of Trustees all terms of and fees for audit services, audit-related services, tax services, and other services to be performed for the University by any independent auditors.
 - C. Ensure that the independent auditors prepare and deliver with each engagement letter a written statement representing to the Audit Committee that the auditor is independent in regards to the University and any related parties.
 - D. Be provided annually with a copy of the auditor's peer review report and related letter of comments and recommendations.
 - E. Ensure that the independent auditors of the University-wide financial statements shall submit to the University, annually, a formal written statement of the fees billed for each of the following categories of services rendered by the independent auditors: (i) audit services; (ii) tax services; and (iii) all other services rendered by the independent auditors for the most recent fiscal year, in the aggregate and by each category of service.
 - F. Review the independent auditors' University-wide, written audit plan prior to the commencement of the audit and discuss audit scope, staffing, locations, and reliance upon Management, internal audit and general audit approach with the Audit Committee.

- G. Review and evaluate the qualifications, performance, and independence of the independent auditors, including an evaluation of the lead partner of the independent auditors and an evaluation of whether the independent auditors' quality controls are adequate and whether the provision of permitted non-audit services is compatible with maintaining the auditors' independence. The Audit Committee's evaluation of the independence of the independent auditors shall be made with respect to standards of independence set forth in any applicable accounting and financial standards, laws and regulations. The Audit Committee shall consider the opinions of Management and internal auditors in its evaluation.
- H. Ensure the appropriate rotation of the lead audit partner having primary responsibility for the audit and audit partner responsible for reviewing the audit. The Board of Trustees require a rotation of the lead partner after five years with an introduction to the new lead partner during the fifth year of the current lead partner. In the case of extenuating circumstances (change in leadership, systems, processes, etc.), the Audit Committee can choose to extend the current lead partner for a period not to exceed two additional years.
- I. Consider, whether, in order to assure continuing auditor independence, there should be a change in the audit firm itself. Audit services shall be competitively bid every six years. In the case of extenuating circumstances (change in leadership, systems, processes etc.), the Audit Committee can recommend that the current audit contract be extended for a period not to exceed two additional years. Assessment of the audit firms responding will be based on both quantitative and qualitative factors as determined by the Audit Committee.
- J. Receive and act upon any report from the independent auditors regarding any internal control deficiencies and the response from Management thereto.
- K. Recommend approval of any non-audit services by any independent auditors.

Audit Committee of the Board of Trustees
Oakland University
201 Meadow Brook Road, Room 13
Rochester, MI 48309-4401

Dear Members of the Audit Committee:

We are in the process of planning for the audit of the financial statements of Oakland University ("the University") for the year ended June 30, 2022. An important aspect of planning for the audit is communication with those who have responsibility for overseeing the strategic direction of the University and obligations related to the accountability of the University. At the University, these responsibilities and obligations are held by the Audit Committee, collectively and individually; therefore, it is important for us to communicate with each of you in your role as a member of the Audit Committee.

As part of this communication process, we have spoken at length with James L. Hargett, Interim Vice President for Finance & Administration and Treasurer to the Board of Trustees regarding our responsibilities under generally accepted auditing standards and the planned scope and timing of our audit. The purpose of this letter is to provide each of you with a summary of those discussions and to provide you with the opportunity to communicate with us on matters that may impact our audit.

Our Responsibility Under Generally Accepted Auditing Standards

As stated in our engagement letter addressed to Ms. Melissa Stolicker and Mr. James Hargett and dated April 14, 2022 our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In accordance with Generally Accepted Government Auditing Standards (GAO Standards), we are required to communicate all noncompliance with provisions of laws, regulations, contracts, or grants that have a material effect on the financial statements that comes to our attention. GAO Standards also require that we report any instances of abuse identified during that audit that could be quantitatively or qualitatively material to the financial statements.

We expect to include an emphasis-of-matter paragraph in the auditor's report informing the users of the financial statements about the following:

- The significance of a change to the financial statements as a result of adopting a new accounting standard. The proposed wording of the emphasis-of-matter paragraph follows:

As explained in Note 1, effective July 1, 2021, the University adopted new accounting guidance under GASB Statement No. 87, *Leases*. This Statement improves accounting and financial reporting for leases. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Our opinion is not modified with respect to this matter.

- The significance of a disclosure included in the financial statements. The proposed wording of the emphasis-of-matter paragraph follows:

As described in Note 1 to the financial statements, the COVID-19 pandemic has impacted the operations of the University. Our opinion is not modified with respect to this matter.

Overview of the Planned Scope and Timing of the Audit

Our audit fieldwork will include three phases. The planning and preliminary information-gathering phase will occur during May 2022; the risk assessment phase in May and June 2022; and the rest of our audit procedures will be performed during August 2022.

To plan an effective audit, we must identify significant risks of misstatement in the financial statements and design procedures to address those risks. We have attached a listing of identified areas where risk of misstatement is significant and included our testing in response to those areas.

We will gain an understanding of accounting processes and key internal controls through a review of the accounting procedures questionnaires and control procedures questionnaires prepared by management. We will confirm through observation and inspection procedures that accounting procedures and controls included in the questionnaires have been implemented. We will not express an opinion on the effectiveness of internal control over financial reporting; however, we will communicate to you significant deficiencies and material weaknesses identified in connection with our audit.

The concept of materiality is inherent in our work. We place greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than with those items of lesser importance or those in which the possibility of material error is remote.

Information from You Relevant to Our Audit

An important aspect of this communication process is the opportunity for us to obtain from you information that is relevant to our audit. Your views about any of the following are relevant to our audit:

- The areas of risks that may result in material misstatements
- Matters you consider warrant particular attention during the audit, and any areas where you want to request additional procedures be undertaken
- Concerns about the University's internal control and its importance to the University, including how those charged with governance oversee the effectiveness of internal control and the detection or possibility of fraud
- Significant communications with regulators
- Understanding of the University's relationships and transactions with related parties that are significant to the University and any concerns regarding those relationships or transactions
- The attitudes, awareness, and actions concerning:
 - The University's internal control and its importance to the University, including how the the audit committee oversees the effectiveness of internal control and the detection or possibility of fraud
 - The detection or possibility of fraud, including whether the audit committee has knowledge of any actual, suspected, or alleged fraud affecting the University

April 14, 2022

- Any significant unusual transactions the University has entered into
 - The actions of management and those charged with governance in response to developments in accounting standards, regulations, laws, previous communications from us, and other related matters and the effect of such developments on, for example, the overall presentation, structure, and content of the financial statements
 - The relevance, reliability, comparability, and understandability of the information presented in the financial statements
 - Whether all required information has been included in the financial statements and whether such information has been appropriately classified, aggregated or disaggregated, and presented

If you have any information to communicate to us regarding the above or any other matters you believe are relevant to the audit, or if you would like to discuss the audit in more detail, please call me at (586) 416-4913 or e-mail me at dana.coomes@plantemoran.com as soon as possible.

Thank you for your time and consideration in this important aspect of the audit process. You can expect to hear from us again after the completion of our audit when we will report to you the significant findings from the audit.

Very truly yours,

Dear Ms. Stolicker and Mr. Hargett:

Thank you for your selection of Plante & Moran, PLLC (“PM”) to assist you. We are sending this letter and the accompanying Professional Services Agreement, which is hereby incorporated as part of this engagement letter, to confirm our understanding of the nature, limitations, and terms of the services we will provide to Oakland University (the “University”).

Scope of Services

We will audit the University’s basic financial statements and federal awards as of and for the year ended June 30, 2022.

In addition, we will serve as a component auditor for the purposes of the audit of the State of Michigan. In connection with that audit, we will subject the University’s crosswalk, which reconciles financial information from the University’s financial statements to the State of Michigan CAFR, to the auditing procedures applied in our audit of the University’s financial statements. We will then update subsequent events to a date chosen by the State of Michigan.

In connection with our audit engagement, we will assist you in drafting your data collection form online with the federal clearinghouse. This assistance is considered a non-audit service; you agree to the contemporaneous provision of these audit and non-audit services.

If you determine that you need additional services, including accounting, consulting, or tax assistance, PM can be available to provide such additional services if and to the extent provided for in a separate, signed engagement agreement.

Timing of Services

We expect to begin fieldwork and complete our on-site audit work with our report issuance dates for each as follows:

Audit/Procedures to be Performed	Estimated Date Fieldwork Begins	Estimated Date Fieldwork Ends	Estimated Report Issuance Date
Financial Statement Audit	May 23, 2022	August 26, 2022	October 7, 2022
Federal Program Audit	May 23, 2022	August 26, 2022	October 7, 2022
Review of Crosswalks for State of Michigan CAFR	October 3, 2022	October 14, 2022	November 23, 2022

April 14, 2022

Due to the ongoing Coronavirus pandemic, we expect to perform this engagement with a combination of on-site and remote work. If you prefer for us, as an alternative to certain elements of our on-site work, to perform as many procedures remotely as possible, please let us know as soon as possible. Completion of our procedures and issuance of our report will be dependent upon our ability to obtain sufficient appropriate information and access your staff. If you elect to have us perform as many procedures remotely as possible, there may likely still be procedures that will require us to be on-site. We will work with you to schedule that work based on and subject to applicable legal requirements and/or guidance regarding worksite safety conditions.

Fees and Payment Terms

Our fee for this engagement will be based on the value of the services provided, which is primarily a function of the time that PM staff expend at our current hourly rates. We estimate that our fee for this engagement will be as follows:

Scope of Services	Fee
University Audit	\$69,000
Single Audit – Student Financial Aid	\$18,000
Crosswalks for the State of Michigan CAFR	\$2,900

Our fee does not include additional services that may be required as a result of issues related to the Coronavirus pandemic, including accounting and disclosure matters, additional single audit grant testing or those caused by delays in engagement timing or procedures. In the event any of these issues arise, we will discuss additional fee estimates with you.

Our fee does not include any consulting services related to the implementation of *the Governmental Accounting Standards Board's Statement No. 87, Leases*, which is effective for the University's fiscal year ended June 30, 2022.

Invoices for audit services, other services, and out-of-pocket costs will be rendered as services are provided and are due when received. In the event an invoice is not paid timely, a late charge in the amount of 1.25 percent per month will be added, beginning 30 days after the date of the invoice.

If you are in agreement with our understanding of this engagement, as set forth in this engagement letter and the accompanying Professional Services Agreement, please sign the enclosed copy of this letter and return it to us with the accompanying Professional Services Agreement.

Professional Services Agreement – Audit Services Addendum to Plante & Moran, PLLC Engagement Letter

This Professional Services Agreement is part of the engagement letter for audit services dated April 14, 2022 between Plante & Moran, PLLC (referred to herein as "PM") and Oakland University (referred to herein as "the University").

1. **Financial Statements** – The financial statements of the University being audited by PM are to be presented in accordance with accounting principles generally accepted in the United States of America (GAAP).
2. **Management Responsibilities** – University management is responsible for the preparation and fair presentation of these financial statements, the schedule of federal awards, and the data collection form in accordance with the applicable financial reporting framework, including compliance with the requirements of accounting principles generally accepted in the United States of America when required, and the completeness and accuracy of the information presented and disclosed therein. Management is also responsible for the capability and integrity of University personnel responsible for the University's underlying accounting and financial records.

The University personnel will provide PM, in a timely and orderly manner, with access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, the schedule of federal awards, and the data collection form, such as records, documentation, and other matters and additional information that the auditor may request from management for the purpose of the audit.

This includes providing assistance and information PM requests during the course of its audit, including retrieval of records and preparation of schedules, analyses of accounts, and confirmations. A written request for information to be provided will be submitted under separate cover and supplemented by additional written and oral requests as necessary during the course of PM's audit. In addition, the University will provide PM with access to all information in its possession that has a material impact on any material transaction ("material" herein means that the expected effect on the financial statements of the University would exceed \$500,000 individually or in the aggregate) and that information will be complete, truthful, and accurate. The University will allow PM unrestricted access to personnel within the University from whom PM determines it necessary to obtain audit evidence.

The University represents and warrants that any and all information that it transmits to PM will be done so in full compliance with all applicable federal, state, local, and foreign privacy and data protection laws, as well as all other applicable regulations and directives, as may be amended from time to time (collectively, "Data Privacy Laws"). The University shall not disclose personal data of data subjects ("Personal Data") who are entitled to certain rights and protections afforded by Data Privacy Laws to PM without prior notification to PM. The University shall make reasonable efforts to limit the disclosure of Personal Data to PM to the minimum necessary to accomplish the intended purpose of the disclosure to PM.

Management is responsible for making all management decisions and performing all management functions relating to the financial statements, supplementary financial information related notes, schedule of federal awards, and data collection form. Management accepts full responsibility for such decisions, even if PM provides advice as to the application of accounting principles or assists in drafting the financial statements, supplementary financial information, related notes, schedule of federal awards, or data collection form. Management is ultimately responsible for the submission of the data collection form to the Federal Audit Clearinghouse. The University has designated Mr. James Hargett to oversee financial statement and federal awards reporting related services PM provides. Management will be required to acknowledge in the management representation letter that it has reviewed and approved the financial statements, supplementary financial information, and related notes prior to their issuance and have accepted responsibility for the adequacy of the financial statements.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing PM about all known or suspected fraud affecting the University involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. Management's responsibilities include informing PM of its knowledge of any allegations of fraud or suspected fraud affecting the University received in communications from employees, former employees, regulators, or others. In addition, management is responsible for identifying and ensuring that the entity complies with applicable laws and regulations.

Management is responsible for providing PM with complete, accurate, and timely information that could bear on PM's independence under applicable professional standards, including, but not limited to, information and representations regarding affiliates of the University, business or personal relationships between the University and PM, and business, personal and employment relationships between those in a financial reporting oversight role, including members of governance, and PM (collectively, Independence Information). The University represents and warrants that (a) it has provided PM any and all Independence Information existing as of the date

Professional Services Agreement – Audit Services

of this Agreement, (b) that such Independence Information is accurate and complete as of the date of this Agreement, (c) that it will notify PM of any changes to Independence Information that has been provided as of the date of this Agreement, and (d) that, after the date of this Agreement, it will provide any new Independence Information to PM as soon as it becomes known to the University.

3. **Objective of an Audit of Financial Statements** – The objective of PM's audit is the expression of an opinion on the University financial statements specified in the accompanying engagement letter. PM offers no guarantee, express or implied, that its opinion will be unmodified or that it will be able to form an opinion about these financial statements in the event that the University's internal controls or accounting and financial records prove to be unreliable or otherwise not auditable. If PM's opinion is to be modified, PM will discuss the reasons with the University management in advance of the issuance of its audit report. If, for any reason, PM is prevented from completing its audit or is unable to form an opinion on these financial statements, PM may terminate the engagement and decline to issue a report.
4. **Supplementary Information** – In any document that contains supplementary information to the basic financial statements that indicates that the auditor has reported on such supplementary information, management agrees to include the auditor's report on that supplementary information. In addition, management agrees to present the supplementary information with the audited financial statements or to make the audited financial statements readily available no later than the date of issuance by the University of the supplementary information and the auditor's report thereon.
5. **Internal Controls** – The University is responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including controls established for the purpose of preventing or detecting errors in financial reporting, preventing fraud or misappropriation of assets, and identifying and complying with applicable laws and regulations, including those applicable to federal awards, and with the provisions of contracts and grant agreements. PM, in making its risk assessments, will consider internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. PM's audit will not be designed to provide assurance on the design or operating effectiveness of the University's internal controls or to identify all conditions that represent significant deficiencies in those internal controls. PM will communicate all significant deficiencies and material weaknesses in internal controls relevant to the audit of the financial statements, instances of fraud, or misappropriation of assets that come to PM's attention.
6. **Audit Procedures and Limitations** – PM's audit of the financial statements will be conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include examination, on a test basis, of evidence supporting the amounts and disclosures in the University financial statements specified in this engagement letter. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. An audit in accordance with GAAS involves judgment about the number of transactions to be tested and the overall approach to testing in each area. As a result, PM's audit can only be designed to provide reasonable rather than absolute assurance that these financial statements are free from material misstatement. In addition, an audit in accordance with GAAS is not designed to detect errors or fraud that are immaterial to the financial statements. Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected always exists, even in an audit properly planned and performed in accordance with GAAS. In recognition of these limitations, the University acknowledges that PM's audit cannot guarantee that all instances of error or fraud will be identified.
7. **Government Auditing Standards** – Under *Government Auditing Standards*, PM will make some assessments of the University's compliance with laws, regulations, and contract provisions. While those assessments will not be sufficient to identify all noncompliance with applicable laws, regulations, and contract provisions, PM will communicate all noncompliance conditions that come to PM's attention.

PM's audit of the University's federal awards will be made in accordance with auditing standards generally accepted in the United States of America; the standards applicable for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*.

Management is responsible for corrective action on all audit findings, including preparation of a schedule of prior audit findings and corrective action plans, if necessary.

Professional Services Agreement – Audit Services

In accordance with *Government Auditing Standards*, a copy of PM's most recent peer review report is included as an attachment to this agreement.

- 8. Auditor Communications** – PM is obligated to communicate certain matters related to the audit to those responsible for governance of the University, including instances of error or fraud and significant deficiencies and material weaknesses in internal control that PM identifies during its audit. PM will communicate these matters to the members of the University's governing board, and the University acknowledges and agrees that communication in this manner is sufficient for the University's purposes.

Under *Government Auditing Standards* PM is obligated to communicate instances of fraud, noncompliance or abuse that is material to the financial statements to those responsible for governance of the University. In certain situations, *Government Auditing Standards* require disclosure of instances of known or likely fraud, noncompliance, or abuse directly to applicable governmental agencies. If such acts are detected during PM's audit, PM will make required disclosures regarding these acts to applicable government agencies.

- 9. Communication to Group Auditor** – In instances where PM has been engaged as a component auditor for the purposes of a Group Audit, the terms of the engagement may include communication of certain matters related to the audit to the Group Auditor. The University permits such communication. PM will discuss matters being communicated with those responsible for governance of the University.

- 10. Accounting and Financial Records** – The University agrees that it is responsible for providing PM with accounting and financial records that are closed, complete, accurate, and in conformity with the requirements of GAAP, for providing schedules and analyses of accounts that PM requests, and for making all the University financial records and related information available to PM for purposes of PM's audit, whether obtained from within or outside of the general ledger and subsidiary ledgers. Where PM has provided estimates of the timing of its work and completion of PM's engagement and issuance of PM's report, those estimates are dependent on the University providing PM with all such accounting and financial records, schedules, and analyses on the date PM's work commences. PM will assess the condition of the University's accounting and financial records, schedules, and analyses of accounts prior to commencing its work. In the event that such records, schedules, and analyses are not closed, complete, accurate, or in conformity with GAAP, PM may have to reschedule its work, including the dates on which PM expects to complete its on-site procedures and issue its audit report.

In any circumstance where PM's work is rescheduled due to the University's failure to provide information as described in the preceding paragraph, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of the audit work or issuance of its audit report. Because rescheduling audit work imposes additional costs on PM, in any circumstance where PM has provided estimated fees, those estimated fees may be adjusted for the additional time PM incurs as a result of rescheduling its work. These fee adjustments will be determined in accordance with the Fee Adjustments provision of this agreement.

- 11. Audit Adjustments** – PM will recommend adjustments to the University's accounting records that PM believes are appropriate. The University management is responsible for adjusting the University accounting records and financial statements to correct material misstatements and for affirming to PM in writing that the effects of any unrecorded adjustments identified during PM's audit are immaterial, both individually and in the aggregate, to the University financial statements specified in this agreement.

- 12. Management Representations** – The University is responsible for the financial statements and federal awards being audited and the implicit and explicit representations and assertions regarding the recognition, measurement, presentation, and disclosure of information therein. During the course of the audit, PM will request information and explanations from the University officers, management, and other personnel regarding accounting and financial matters, including information regarding internal controls, operations, future plans, and the nature and purpose of specific transactions. PM will also require that management make certain representations to PM in writing as a precondition to issuance of PM's report.

PM's audit procedures will be significantly affected by the representations and assertions PM receives from management and, accordingly, false representations could cause material error or fraud to go undetected by PM's procedures. Accordingly, the University acknowledges and agrees that it will instruct each person providing information, explanations, or representations to an auditor to provide true and complete information, to the best of his or her knowledge and belief. It is also agreed that any deliberate misrepresentation by any director, officer, or member of management, or any other person acting under the direction thereof ("University Personnel"), intended to influence, coerce, manipulate, or mislead PM in the conduct of its audit of the financial statements will be considered a material breach of this agreement. In addition, as a condition of its audit engagement, the University agrees to indemnify and hold PM and its partners, affiliates, and employees harmless from any and all claims, including associated attorneys' fees and costs, based on PM's failure to detect material misstatements in the University financial statements resulting in whole or in part from deliberate false or misleading representations,

Professional Services Agreement – Audit Services

whether oral or written, made to PM by University Personnel. This indemnity will be inoperative only if, and to the extent that, a court having competent jurisdiction has determined that PM failed to conduct its audit in accordance with generally accepted auditing standards and such failure resulted in PM not determining such misrepresentation by the University Personnel was false.

- 13. Use of Report** – PM's report on the financial statements must be associated only with the financial statements that were the subject of PM's audit engagement. The University may make copies of the audit report, but only if the entire financial statements (including related footnotes and supplemental information, as appropriate) are reproduced and distributed with that report. The University agrees not to reproduce or associate PM's audit report with any other financial statements, or portions thereof, that are not the subject of this engagement.

If PM's report on the financial statements being audited is to be published in any manner or if the University intends to make reference to PM in a publication of any type, the University agrees to submit proofs of the publication to PM for review prior to such publication and cooperate with PM in PM's performance of any additional audit procedures PM deems necessary in the circumstances, the nature and extent of which will be at PM's sole discretion. The University acknowledges and agrees that additional fees for such work will be determined in accordance with the Fee Adjustments provision of this agreement. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on the University's Internet website, the University understands that electronic sites are a means to distribute information and, therefore, PM is not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

- 14. Securities Offerings** – PM's audit does not contemplate, and does not include, any services in connection with any offering of securities, whether registered or exempt from registration. In the event the University elects to incorporate or make reference to PM's report in connection with any offering of debt or equity securities and requests PM's consent to such incorporation or reference, the University understands that additional procedures will need to be performed. In the event PM agrees in writing to perform such additional procedures, the nature and extent of which will be at PM's sole discretion, it is agreed and acknowledged that PM's performance of such additional procedures will be subject to all of the terms and conditions of this agreement. Additional fees for such work will be determined based on the actual time that PM staff expend at current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and that payment for all such additional fees will be made in accordance with the payment terms provided in this agreement.

If the University incorporates or makes reference to PM's report in connection with any offering of debt or equity securities without obtaining consent from PM as described above, the University agrees to include the following provision in the offering document:

Plante & Moran, PLLC, our independent auditor, has not performed or been engaged to perform any services in connection with the offering of securities. Nor has Plante & Moran, PLLC performed or been engaged to perform any procedures on the financial statements of the University since the date of the Plante & Moran, PLLC report included herein. Plante & Moran, PLLC also has not performed any procedures relating to this offering document.

- 15. Tax Return Preparation** – This engagement does not include preparation of any tax returns or filings. If the University requires tax services, including tax consulting or preparation of tax returns, those services will be detailed in a separate engagement letter.

- 16. Confidentiality, Ownership, and Retention of Workpapers** – During the course of this engagement, PM and PM staff may have access to proprietary information of the University, including, but not limited to, information regarding general ledger balances, financial transactions, trade secrets, business methods, plans, or projects. PM acknowledges that such information, regardless of its form, is confidential and proprietary to the University. PM will comply with all applicable ethical standards, laws, and regulations as to the retention, protection, use and distribution of such confidential University information. Except to the extent set forth herein, PM will not disclose such information to any third party without the prior written consent of the University.

In the interest of facilitating PM's services to the University, PM may communicate or exchange data by internet, e-mail, facsimile transmission, or other electronic method. While PM will use its best efforts to keep such communications and transmissions secure in accordance with PM's obligations under applicable laws and professional standards, the University recognizes and accepts that PM has no control over the unauthorized interception of these communications or transmissions once they have been sent, and consents to PM's use of these electronic devices during this engagement.

Professional standards require that PM create and retain certain workpapers for engagements of this nature. All workpapers created in the course of this engagement are and shall remain the property of PM. PM will maintain the confidentiality of all such workpapers as long as they remain in PM's possession.

Professional Services Agreement – Audit Services

Both the University and PM acknowledge, however, that PM may be required to make its workpapers available to regulatory authorities or by court order or subpoena in a legal, administrative, arbitration, or similar proceeding in which PM is not a party. Further, in compliance with Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, PM's working papers will be made available to federal award program representatives at PM offices during normal business hours during the audit and for a period of three years after the issuance of the report. Disclosure of confidential information in accordance with requirements of regulatory authorities or pursuant to court order or subpoena shall not constitute a breach of the provisions of this agreement. In the event that a request for any confidential information or workpapers covered by this agreement is made by regulatory authorities or pursuant to a court order or subpoena, PM agrees to inform the University in a timely manner of such request and to cooperate with the University should it attempt, at the University's cost, to limit such access. This provision will survive the termination of this agreement. PM's efforts in complying with such requests will be deemed billable to the University as a separate engagement. PM shall be entitled to compensation for its time and reasonable reimbursement of its expenses (including legal fees) in complying with the request.

PM reserves the right to destroy, and it is understood that PM will destroy, workpapers created in the course of this engagement in accordance with PM's record retention and destruction policies, which are designed to meet all relevant regulatory requirements for retention of workpapers. PM has no obligation to maintain workpapers other than for its own purposes or to meet those regulatory requirements.

Upon the University's written request, PM may, at its sole discretion, allow others to view any workpapers remaining in its possession if there is a specific business purpose for such a review. PM will evaluate each written request independently. The University acknowledges and agrees that PM will have no obligation to provide such access or to provide copies of PM's workpapers, without regard to whether access had been granted with respect to any prior requests.

- 17. Consent to Disclosures to Service Providers** – In some circumstances, PM may use third-party service providers to assist with its services, including affiliates of PM within or outside the United States. In those circumstances, PM will be solely responsible for the provision of any services by any such third-party service providers and for the protection of any information provided to such third-party service providers. PM will require any such third-party service provider to: (i) maintain the confidentiality of any information furnished; and (ii) not use any information for any purpose unrelated to assisting with PM's services for the University. In order to enable these third-party service providers to assist PM in this capacity, the University, by its duly authorized signature on the accompanying engagement letter, consents to PM's disclosure of all or any portion of the University's information, including tax return information, to such third-party service providers, including affiliates of PM outside of the United States, if and to the extent such information is relevant to the services such third-party service providers may provide and agrees that PM's disclosure of such information for such purposes shall not constitute a breach of the provisions of this agreement. The University's consent shall be continuing until the services provided for this agreement are completed.
- 18. Fee Quotes** – In any circumstance where PM has provided estimated fees, fixed fees, or not-to-exceed fees ("Fee Quotes"), these Fee Quotes are based on information provided by the University regarding the nature and condition of its accounting, financial, and tax records; the nature and character of transactions reflected in those records; and the design and operating effectiveness of its internal controls. The University acknowledges that the following circumstances may result in an increase in fees:
- Failure by the University to prepare for the audit as evidenced by accounts and records that have not been subject to normal year-end closing and reconciliation procedures;
 - Failure by the University to complete the audit preparation work by the applicable due dates;
 - Significant unanticipated or undisclosed transactions, audit issues, or other such unforeseeable circumstances, including those created by the Coronavirus pandemic and resulting market conditions;
 - Delays by the University causing scheduling changes or disruption of fieldwork, including challenges created by the Coronavirus pandemic resulting from the inaccessibility of the University personnel or records;
 - After audit or post fieldwork circumstances requiring revisions to work previously completed or delays in resolution of issues that extend the period of time necessary to complete the audit;
 - Issues with the prior audit firm, prior year account balances, or report disclosures that impact the current year engagement;
 - An excessive number of audit adjustments.

Professional Services Agreement – Audit Services

PM will advise the University in the event these circumstances occur; however, it is acknowledged that the exact impact on the Fee Quote may not be determinable until the conclusion of the engagement. Such fee adjustments will be determined in accordance with the Fee Adjustments provision of this Agreement.

- 19. Payment Terms** – PM's invoices for professional services are due upon receipt unless otherwise specified in the engagement letter. In the event any of PM's invoices are not paid in accordance with the terms of this agreement, PM may elect, at PM's sole discretion, to suspend work until PM receives payment in full for all amounts due or terminate this engagement. In the event that work is suspended, for nonpayment or other reasons, and subsequently resumed, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of PM's audit work or issuance of PM's audit report upon resumption of PM's work. The University agrees that in the event PM stops work or terminates this Agreement as a result of the University's failure to pay fees on a timely basis for services rendered by PM as provided in this Agreement, or if PM terminates this Agreement for any other reason, PM shall not be liable for any damages that occur as a result of PM ceasing to render services.
- 20. Fee Adjustments** – Any fee adjustments for reasons described elsewhere in this agreement will be determined based on the actual time expended by PM staff at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred and included as an adjustment to PM's invoices related to this engagement. The University acknowledges and agrees that payment for all such fee adjustments will be made in accordance with the payment terms provided in this Agreement.
- 21. Conditions of PM Visit to University Facilities** – The University agrees that some or all of PM's services may be provided remotely. In order to facilitate the provision of services remotely, the University agrees to provide documentation and other information reasonably required by PM for PM's performance of the engaged services electronically to the extent possible throughout the course of the engagement. In the event in-person visits to the University's facility(ies) are requested by the University or otherwise determined by PM to be necessary for the performance of the engaged services, the University agrees, upon PM's request, to provide to PM the University's policies and procedures that the University has implemented relating to workplace safety and the prevention of the transmission of disease at its facility(ies). In addition, the University affirms that it is in compliance with applicable Centers for Disease Control and Prevention and OSHA guidance pertaining to the prevention of the transmission of disease (collectively, "Applicable Preventative Guidance") and agrees that it shall continue to comply with Applicable Preventative Guidance throughout any in-person visits by PM to the University's facility(ies). Notwithstanding the foregoing, PM reserves the right to suspend or refrain from any in-person visit by PM to the University's facility(ies) or impose further conditions on any such in-person visit if and as PM deems necessary. The University agrees and acknowledges that any determination by PM to visit the University's facility(ies) is not and shall not be construed to be or relied on by the University as a determination by PM of the University's compliance with Applicable Preventative Guidance.
- 22. Release and Hold Harmless for Biological Agent Liability** – PM and the University acknowledge that there is an inherent risk of exposure to COVID-19 or other infectious diseases associated with any in-person interaction or in-person visit to property. Accordingly, PM and the University, for themselves and their successors and assigns, hereby releases each other and each other's officers, directors, partners, members, managers, employees, affiliated, parent or subsidiary entities, and approved third party service providers (collectively, "Released Persons") from any and all claims or causes of action that PM or the University has, or hereafter may or shall have, against the other in connection with, relating to, or arising out of COVID-19 or other infectious diseases or the transmission thereof associated with a visit by one or more of the PM Persons to any of the University facility(ies) or other in-person interaction with the PM or University personnel.
- 23. Exclusion of Certain Damages** – Except as otherwise provided in this agreement, in no event shall either party be liable to the other, whether a claim be in tort, contract, or otherwise, for any indirect, consequential, punitive, exemplary, lost profits, or similar damages in claims relating to PM's services provided under this engagement.
- 24. Receipt of Legal Process** – In the event PM is required to respond to a subpoena, court order, or other legal process (in a matter involving the University but not PM) for the production of documents and/or testimony relative to information PM obtained and/or prepared during the course of this engagement, the University agrees to compensate PM for the affected PM staff's time at such staff's current hourly rates, and to reimburse PM for all of PM's out-of-pocket costs incurred associated with PM's response unless otherwise reimbursed by a third party.
- 25. Subsequent Discovery of Facts** – After the date of PM's report on the financial statements, PM has no obligation to make any further or continuing inquiry or perform any other auditing procedures with respect to the audited financial statements covered by PM's report, unless new information that may affect the report comes to PM's attention. If PM becomes aware of information that relates to these financial statements but was not known to PM at the date of its report, and that is of such a nature and from such a source that PM would have investigated it had it come to PM's attention during the course of the audit, PM will, as soon as practicable, undertake to determine whether the information is reliable and whether the facts existed at the date of PM's report. In this connection, PM

will discuss the matter with the University and request cooperation in whatever investigation and modification of the financial statements that may be necessary. Additional fees for such work will be determined based on the actual time that PM staff expend at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and the University acknowledges and agrees that payment for all such additional fees will be made in accordance with the payment terms provided in this agreement.

- 26. Termination of Engagement** – This engagement may be terminated by either party upon written notice. Upon notification of termination of this engagement, PM will cease providing services under the engagement. The University shall compensate PM for all time expended and reimburse PM for all out-of-pocket expenditures incurred by PM through the date of termination of this engagement.
- 27. Entire Agreement** – This agreement is contractual in nature and includes all of the relevant terms that will govern the engagement for which it has been prepared. The terms of this agreement supersede any prior oral or written representations or commitments by or between the parties regarding the subject matter hereof. Any material changes or additions to the terms set forth in this agreement will only become effective if evidenced by a written amendment to this agreement, signed by all of the parties.
- 28. Severability** – If any provision of this agreement (in whole or part) is held to be invalid or otherwise unenforceable, the other provisions shall remain in full force and effect.
- 29. Force Majeure** – Neither party shall be deemed to be in breach of this agreement as a result of any delays or non-performance directly or indirectly resulting from circumstances or causes beyond its reasonable control, including, without limitation, fire or other casualty, acts of God, war, other violence, epidemic, pandemic or other public health emergency or government mandated shut down (each individually a "Force Majeure Event"). A Force Majeure Event shall not excuse any payment obligation relating to fees or costs incurred prior to any such Force Majeure Event.
- 30. Signatures** – Any electronic signature transmitted through DocuSign or manual signature on this agreement transmitted by facsimile or by electronic mail in portable document format may be considered an original signature.
- 31. Governing Law** – This agreement shall be governed by and construed in accordance with the laws of the State of Michigan, and jurisdiction over any action to enforce this agreement, or any dispute arising from or relating to this agreement shall reside exclusively within the State of Michigan.

PROCEDURES TO BE PERFORMED

We will perform the following agreed-upon procedures on the Client's Intercollegiate Athletics Program Statement of Revenues and Expenses:

Internal Control Structure

- A. Related to the institution's internal control structure, we will:
- 1) Meet with the institution's president or Associate Vice President and Controller to identify areas of significant interest and specific agreed-upon procedures related to both internal controls and other specified areas. Include the results of the discussion in the AUP report.
 - 2) Meet with the Director of Intercollegiate Athletics and inquire about the general control environment over intercollegiate athletic finances, the level of control consciousness in the institution, the competence of personnel and the protection of records and equipment. Include the results of the discussion in the AUP report.
 - 3) Obtain the audited financial statements for the year ending June 30, 2022 and any additional reports regarding internal controls if the institution is audited independent of these agreed-upon procedures and any corrective action taken in response to comments concerning internal control structure (if any).
 - 4) Obtain any documentation of the accounting systems and procedures unique to the intercollegiate athletics department.
 - 5) Cash disbursements and athletic employee payroll are addressed in connection with the audit of the institution's financial statements. The following control environment and accounting systems are (a) unique to the intercollegiate athletics and (b) have not been addressed in connection with the audit of the University's financial statements. We will perform the following procedures:
 - i. We will select 3 games and test the ticket collection receipting process by comparing the total receipts for such games to the reconciliation and documentation of the related cash deposit amount with the bank.

NCAA Reporting

- B. We will obtain the information submitted to the NCAA, including the financial data detailing operating revenues, expenses and capital related to the institution's intercollegiate athletics program that will be submitted to the NCAA, and will compare the amounts to the Intercollegiate Athletics Program Statement of Revenues and Expenses (the "Statement") included in the agreed-upon procedures for the reporting period.
- C. For Grants-in-Aid: Compare and agree the sports sponsored reported in the NCAA Membership Financial Reporting System to the Calculation of Revenue Distribution Equivalencies Report (CRDE) from CA or equivalent supporting equivalency calculations from the institution. The NCAA Membership Financial Reporting System populates the sports from the NCAA Sports Sponsorship and Demographics Form as they are reported by the institution between May and August. If there is a discrepancy in the sports sponsored between the NCAA Membership Financial Reporting System and the CRDE or equivalent supporting equivalency calculations, inquire about the discrepancy and report the justification in the AUP report. Compare current year Grants-in-Aid revenue distribution equivalencies to prior year reported equivalencies per the Membership Financial Report

Attachment A

submission. Inquire, document, and report in the AUP report, an explanation for any variance great than +/- 4%.

- D. For Sports Sponsorship: Obtain the institution's Sports Sponsorship and Demographics Forms Report for the reporting year between May and August. Validate that the countable sports reported by the institution meet the minimum requirements set forth in Bylaw 20.9.6.3 for the number of contests and the number of participants in each contest that is counted toward meeting the minimum contest requirement. Post season contests are not countable toward the contest requirements; regular season only. If the institution requested and/or received a waiver related to minimum contests or minimum participants for a particular sport, that sport would not qualify as a sponsored sport for the purposes of revenue distribution. Also, only sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are eligible. Once countable sports have been confirmed, ensure that the institution has properly reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System. Compare current year number of Sports Sponsored to prior year reported total per the Membership Financial Report submission. Inquire, document, and report in the AUP report, an explanation for any variance. Note: Any discrepancies MUST be resolved within the NCAA Membership Financial Reporting System prior to the report being submitted to the NCAA.
- E. For Pell Grants: Agree the total number of Division I student-athletes who, during the academic year, received a Pell Grant award (e.g. Pell Grant recipients on Full Athletic Aid, Pell Grant recipients on Partial Athletic Aid and Pell Grant recipients with no Athletic Aid) and the total dollar amount of these Pell Grants reported in the NCAA Membership Financial Reporting System to a report, generated out of the institution's financial aid records, of all student-athlete Pell Grants. Compare current year Pell Grants total to prior year reported total per the Membership Financial Report submission. Inquire, document, and report in the AUP report, an explanation for any variance greater than +/- 20 grants. Note 1: Only Pell Grants for sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are countable. Note 2: Student-athletes should only be counted once even if the athlete participates in multiple sports. Note 3: individual student-aid file testing in step M1 below should tie any selected student athletes who received Pell Grants back to the report of all student athlete Pell Grants to test the completeness and accuracy of the report.

Notes, Disclosures, and Other Procedures

- F. Athletics Related Capital Assets and Expenditures - We will obtain and describe the institution's policies and procedures for acquiring, approving, depreciating, and disposing of intercollegiate athletics-related assets, and will include in the notes to the statement. We will obtain a schedule of athletics-related capital expenditures made by athletics, the institution, and affiliated organizations during the period. We will agree the schedule to the institution's general ledger.
- G. Athletics Related and Total Institutional Debt - We will obtain repayment schedules for all outstanding intercollegiate athletics debt maintained by the institution during the reporting period. We will recalculate annual maturities (consisting of principal and interest) provided in the schedules obtained and agree the total annual maturities to supporting documentation and the institution's general ledger, as applicable. The repayment schedule(s) shall be included in the notes to the statement. We will agree the total outstanding athletic related debt and total institutional debt to supporting documentation and the institution's audited financial statements, if available, or the institution's general ledger.

Attachment A

- H. Changes in loan, endowment or plant funds related to intercollegiate athletics shall not be included in the Statement.
- 1) We will obtain significant additions to restricted funds related to intercollegiate athletics, as well as significant changes to endowment and plant funds, and disclose separately in the notes to the statement. Significant is defined as exceeding 10 percent of total contributions.
 - 2) We will obtain and disclose the value of endowments at the fiscal year-end that are dedicated to the sole support of athletics. We will agree the fair market value of the schedule(s) to supporting documentation, the general ledger(s) and the audited financial statements, if available. We will agree the total fair market value of athletics dedicated endowments and institutional endowments to supporting documentation, the institution's general ledger and/or audited financial statements, if available.
 - 3) We will obtain and disclose the value of all pledges at the fiscal year-end that support athletics.
 - 4) We will obtain and disclose the athletics department fiscal year-end fund balance.

Statement of Revenues and Expenses

- I. We will obtain the Intercollegiate Athletics Program Statement of Revenues and Expenses for the reporting period, prepared by management, and agree all amounts back to the institution's general ledger.
- J. We will agree each revenue and expense amount from the statement to prior year amounts and budget estimates. We will compare each revenue and expense account over 10 percent of total revenues and expenses, respectively, to prior period amounts and budget estimates. We will obtain and document any variations exceeding 10 percent of total revenues or expenses. We will report the analysis as a supplement to the final report.
- K. We will perform additional procedures on the following revenue and expense categories unless the specific reporting category is less than 4 percent of total revenues or expenses.

Revenues

- L. We will agree each revenue category reported in the statement during the reporting period to supporting schedules provided by the institution.

We will perform the following procedures for the indicated revenue category unless the specific category is less than 4 percent of total revenue:

- 1) Ticket Sales – We will compare tickets sold during the reporting period, complimentary tickets provided during the reporting period, and unsold tickets to the related revenue reported by the institution in the statement and related attendance figures and recalculate totals.
- 2) Student Fees – We will compare and agree student fees reported by the institution in the statement for the reporting period to student enrollments during the same reporting period. We will obtain documentation of the institution's methodology for allocating student fees to intercollegiate athletics programs and recalculate totals.
- 3) Direct Institutional Support – We will compare the direct institutional support recorded by the institution during the reporting period with the institutional supporting budget transfers documentation and other corroborative supporting documentation and recalculate totals.

Attachment A

- 4) Indirect Institutional Support – We will compare the indirect institutional support recorded by the institution during the reporting period with expense payments, cost allocation detail, and/or other corroborative supporting documentation and recalculate totals.
- 5) Guarantees – We will select a sample of one settlement reports for away games during the reporting period and agree each selection to the institution’s general ledger and/or the statement. We will select a sample of one contractual agreement pertaining to revenues derived from guaranteed contests during the reporting period and agree each selection to the institution’s general ledger and/or the statement, and recalculate totals.
- 6) Contributions – We will obtain supporting documentation for each contribution of moneys, goods or services received directly by an intercollegiate athletics program for any affiliated or outside organization, agency or group of individuals that constitute 10 percent or more in aggregate of all contributions received for intercollegiate athletics during the reporting period. We will disclose the source and dollar value of these contributions in the report.
- 7) In-kind – We will obtain a schedule of all in-kind donations and compare to the amount recorded on the above revenue supporting schedules and recalculate totals.
- 8) Compensation and Benefits Provided by a Third Party – We will obtain the summary of revenues (the “Summary”) from affiliated and outside organizations as of the end of the reporting period from the institution. We will select a sample from the Summary and agree each selection to supporting documentation, the institution’s general ledger and/or the Summary and recalculate totals.
- 9) Media Rights – We will obtain and inspect available agreements related to the institution’s total media (broadcast, television, radio) rights received by the institution or through their conference offices. We will compare the media right revenues recorded to a summary statement of all media rights identified. We will compare related revenues to the institution’s general ledger and/or the statement and recalculate totals.
- 10) NCAA Distributions – We will compare the amounts recorded in the revenue and expense reporting to general ledger detail for NCAA distributions and other corroborative supporting documents and recalculate totals.

- 1) Athletic Student Aid – We will select a sample of 10% students from the listing of institutional student aid recipients during the reporting period (10% of the total student athletes for institutions who have used NCAA's Compliance Assistant (CA) software to prepare athletic aid detail, with a maximum sample size of 40, and 20% of total student athletes for institutions who have not, with a maximum sample size of 60).
 - a. We will obtain individual student account detail for each selection and compare total aid in the institution's student system to student detail in CA or the institution report that ties directly to the NCAA Membership Financial Reporting System.
 - b. We will perform a check of each student selected to ensure that their information was reported accurately in either the NCAA's Compliance Assistant software or entered directly into the NCAA Membership Financial Reporting System using the following criteria:
 - i. The equivalency value for each student-athlete in all sports, including head-count sports, need to be converted to a full-time equivalency value. The full-time equivalency value is calculated using the athletic grant amount reported on the Calculation of Revenue Distribution Equivalencies Report (CRDE) from CA as the numerator and the full grant amount which is the total cost for tuition, fees, course-related books, room and board for an academic year as the denominator. If using the NCAA Compliance Assistant software, this equivalency value should already be calculated on that CRDE report labeled "Revenue Distribution Equivalent Award".

Attachment A

- ii. Grants-in-aid is calculated by using the revenue distribution equivalencies by sport and in aggregate. (Athletic grant amount divided by the full grant amount).
 - iii. Other expenses related to attendance (also known as cost of attendance) should not be included in grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board and course-related books are countable for grants-in-aid revenue distribution per Bylaw 20.02.7).
 - iv. Full grant amount should be entered as a full year of tuition, not a semester or quarter.
 - v. Student-athletes are to be counted once, regardless of multiple sport participation, and should not receive a revenue distribution equivalency greater than 1.00.
 - vi. Athletics grants are valid for revenue distribution purposes only in sports in which the NCAA conducts championships competition and emerging sports for women.
 - vii. Grants-in-aid are valid for revenue distribution purposes in NCAA sports that do not meet the minimum contests and participants' requirements of Bylaw 20.9.6.3.
 - viii. Institutions providing grants to student-athletes listed on the CRDE as "Exhausted Eligibility (fifth-year)" or "Medical" receive credit in the grants-in-aid component.
 - ix. The athletics aid equivalency cannot exceed maximum equivalency limits. However, the total revenue distribution equivalency can exceed maximum equivalency limits due to exhausted eligibility and medical equivalencies (reference Bylaw 15.5.3.1).
 - x. If a sport is discontinued and the athletic grant(s) are still being honored by the institution, the grant(s) are included in student-athlete aid for revenue distribution purposes.
 - xi. All equivalency calculations should be rounded to two decimal places.
 - xii. If a selected student received a Pell Grant, ensure that the value of the grant is not included in the calculation of equivalencies or the total dollar amount of student athletic aid expense for the institution.
 - xiii. If a selected student received a Pell Grant, ensure that the student's grant was included in the total number and total value of Pell Grants reported for Revenue Distribution purposes in the NCAA Membership Financial Reporting System.

- 1. Agreed-Upon Procedures** – PM will apply agreed-upon procedures as outlined in this Agreement. PM's engagement to apply the agreed-upon procedure will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and National Collegiate Athletic Association Financial Audit Guidelines. PM's responsibility in an agreed-upon procedures engagement is to perform the procedures and report the findings as agreed to herein. PM's report will state that PM is not providing an opinion or conclusion on the subject matter. If, for any reason, PM is unable to complete the procedures, PM will describe any restrictions on the performance of the procedures in PM's report, or PM will not issue a report as a result of this engagement.

Due to the limited nature of the specific procedures to be performed, PM's engagement cannot be relied upon to identify or disclose instances of known or suspected fraud or noncompliance with laws and regulations. However, PM will inform the appropriate level of management of any evidence of information that comes to PM's attention during the performance of the engagement that indicates fraud or noncompliance with laws and regulations may have occurred.

Client acknowledges and understands that there is little likelihood that PM's engagement will detect any fraud or non-compliance with laws or regulations that may exist. Client acknowledges and agrees that the nature and extent of the agreed upon procedure services PM will provide, as outlined in this Agreement, are sufficient and appropriate for Client's purposes.

- 2. Management Responsibilities** – Client is responsible for the subject matter of the agreed-upon procedures. Client is responsible for determining that the procedures performed are sufficient and appropriate for their purpose. PM makes no representation regarding the sufficiency of the procedure described in the Attachment A either for the purpose for which this report has been requested or for any other purpose.

Client is responsible for all management decisions and management functions; for evaluating the adequacy and results of the services PM will provide and accepting responsibility for the results of those services; and for establishing and maintaining internal controls, including monitoring ongoing activities, in connection with PM's engagement.

Client personnel will provide PM with information that PM may request for the purpose of this engagement, in a timely and orderly manner. This includes access to all information of which management is aware that is relevant to the procedures being performed, such as records, documentation, and other information and unrestricted access to persons within Client from which PM determines it is necessary to obtain information. This includes retrieval of records and, if applicable, preparation of schedules and analyses. A written request for information to be provided will be submitted under separate cover and supplemented by additional written and oral requests as necessary during the course of PM's engagement.

Client represents and warrants that any and all information that it transmits to PM will be done so in full compliance with all applicable federal, state, local, and foreign privacy and data protection laws, as well as all other applicable regulations and directives, as may be amended from time to time (collectively, “Data Privacy Laws”). Client shall not disclose personal data of data subjects (“Personal Data”) who are entitled to certain rights and protections afforded by Data Privacy Laws to PM without prior notification to PM. Client shall make reasonable efforts to limit the disclosure of Personal Data to PM to the minimum necessary to accomplish the intended purpose of the disclosure to PM.

At the conclusion of PM's engagement, PM will request, and Client agrees to provide, certain written representations from Client management, that will, among other things, confirm management's responsibility for the subject matter of the agreed-upon procedures, and that Client has obtained from all necessary other parties agreement to the procedures and acknowledgement that the procedures performed are appropriate for their purposes. Client agrees to hold PM harmless from any liability and costs resulting from misrepresentations made to PM by management.

PM will comply with all applicable ethical standards, laws, and regulations as to the retention, protection, use and distribution of such confidential client information. Except to the extent set forth herein, PM will not disclose such information to any third party without the prior written consent of Client.

In the interest of facilitating PM's services to Client, PM may communicate or exchange data by internet, e-mail, facsimile transmission, or other electronic method. While PM will use its best efforts to keep such communications and transmissions secure in accordance with PM's obligations under applicable laws and professional standards, Client recognizes and accepts that PM has no control over the unauthorized interception of these communications or transmissions once they have been sent, and consents to PM's use of these electronic devices during this engagement.

Professional standards require that PM create and retain certain workpapers for engagements of this nature. All workpapers created in the course of this engagement are and shall remain the property of PM. PM will maintain the confidentiality of all such workpapers as long as they remain in PM's possession.

Both Client and PM acknowledge, however, that PM may be required to make its workpapers available to regulatory authorities or by court order or subpoena in a legal, administrative, arbitration, or similar proceeding in which PM is not a party. Disclosure of confidential information in accordance with requirements of regulatory authorities or pursuant to court order or subpoena shall not constitute a breach of the provisions of this Agreement. In the event that a request for any confidential information or workpapers covered by this Agreement is made by regulatory authorities or pursuant to a court order or subpoena, PM agrees to inform Client in a timely manner of such request and to cooperate with Client should it attempt, at Client's cost, to limit such access. This provision will survive the termination of this Agreement. PM's efforts in complying with such requests will be deemed billable to Client as a separate engagement. PM shall be entitled to compensation for its time and reasonable reimbursement of its expenses (including legal fees) in complying with the request.

PM reserves the right to destroy, and it is understood that PM will destroy, workpapers created in the course of this engagement in accordance with PM's record retention and destruction policies, which are designed to meet all relevant regulatory requirements for retention of workpapers. PM has no obligation to maintain workpapers other than for its own purposes or to meet those regulatory requirements.

Upon Client's written request, PM may, at its sole discretion, allow others to view any workpapers remaining in its possession if there is a specific business purpose for such a review. PM will evaluate each written request independently. Client acknowledges and agrees that PM will have no obligation to provide such access or to provide copies of PM's workpapers, without regard to whether access had been granted with respect to any prior requests.

- 4. Consent to Disclosures to Service Providers** – In some circumstances, PM may use third-party service providers to assist with its services, including affiliates of PM within or outside the United States. In those circumstances, PM will be solely responsible for the provision of any services by any such third-party service providers and for the protection of any information provided to such third-party service providers. PM will require any such third-party service provider to: (i) maintain the confidentiality of any information furnished; and (ii) not use any information for any purpose unrelated to assisting with PM's services for Client. In order to enable these third party service providers to assist PM in this capacity, Client, by its duly authorized signature on the accompanying engagement letter, consents to PM's disclosure of all or any portion of Client's information, including tax return information, to such third party service providers, including affiliates of PM outside of the United States, if and to the extent such information is relevant to the services such third party service providers may provide and agrees that PM's disclosure of such information for such purposes shall not constitute a breach of the provisions of this Agreement. Client's consent shall be continuing until the services provided for this Agreement are completed.
- 5. Fee Quotes** – In any circumstance where PM has provided estimated fees, fixed fees, or not-to-exceed fees ("Fee Quotes"), these Fee Quotes are based on information provided by Client and the planned assistance to be received as described under "Management's Responsibilities" above. In the event that undisclosed or unforeseeable facts regarding these matters causes the actual work required for this engagement to vary from those estimates, or if requested information is not provided in an accurate and timely manner, PM's estimated fees will be adjusted for the additional time PM incurs as a result. PM will advise Client in the event these circumstances occur; however,

Professional Services Agreement – Agreed-Upon Procedures

it is acknowledged that the exact impact on the Fee Quote may not be determinable until the conclusion of the engagement. Such fee adjustments will be in accordance with the Fee Adjustments provision of this Agreement.

- 6. Payment Terms** – PM invoices for professional services are due upon receipt unless otherwise specified in this engagement letter. In the event any of PM's invoices are not paid in accordance with the terms of this Agreement, PM may elect, at PM's sole discretion, to suspend work until PM receives payment in full for all amounts due or terminate this engagement. In the event that work is suspended, for nonpayment or other reasons, and subsequently resumed, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of PM's agreed-upon procedures upon resumption of PM's work. Client agrees that in the event PM stops work or terminates this Agreement as a result of Client's failure to pay fees on a timely basis for services rendered by PM as provided in this Agreement, or if PM terminates this Agreement for any other reason, PM shall not be liable for any damages that occur as a result of PM ceasing to render services.
- 7. Fee Adjustments** – Any fee adjustments for reasons described elsewhere in this Agreement will be determined based on the actual time expended by PM staff at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and included as an adjustment to PM's invoices related to this engagement. Client acknowledges and agrees that payment for all such fee adjustments will be made in accordance with the payment terms provided in this Agreement.
- 8. Conditions of PM Visit to Client Facilities** – Client agrees that some or all of PM's services may be provided remotely. In order to facilitate the provision of services remotely, Client agrees to provide documentation and other information reasonably required by PM for PM's performance of the engaged services electronically to the extent possible throughout the course of the engagement. In the event in-person visits to Client's facility(ies) are requested by Client or otherwise determined by PM to be necessary for the performance of the engaged services, Client agrees, upon PM's request, to provide to PM Client's policies and procedures that Client has implemented relating to workplace safety and the prevention of the transmission of disease at its facility(ies). In addition, Client affirms that it is in compliance with applicable Centers for Disease Control and Prevention and OSHA guidance pertaining to the prevention of the transmission of disease (collectively, "Applicable Preventative Guidance") and agrees that it shall continue to comply with Applicable Preventative Guidance throughout any in-person visits by PM to Client's facility(ies). Notwithstanding the foregoing, PM reserves the right to suspend or refrain from any in-person visit by PM to Client's facility(ies) or impose further conditions on any such in-person visit if and as PM deems necessary. Client agrees and acknowledges that any determination by PM to visit Client's facility(ies) is not and shall not be construed to be or relied on by Client as a determination by PM of Client's compliance with Applicable Preventative Guidance.
- 9. Release and Hold Harmless for Biological Agent Liability** – PM and the Client acknowledge that there is an inherent risk of exposure to COVID-19 or other infectious diseases associated with any in-person interaction or in-person visit to property. Accordingly, PM and the Client, for themselves and their successors and assigns, hereby releases each other and each other's officers, directors, partners, members, managers, employees, affiliated, parent or subsidiary entities, and approved third party service providers (collectively, "Released Persons") from any and all claims or causes of action that PM or the Client has, or hereafter may or shall have, against the other in connection with, relating to, or arising out of COVID-19 or other infectious diseases or the transmission thereof associated with a visit by one or more of the PM Persons to any of the Client facility(ies) or other in-person interaction with the PM or Client personnel.
- 10. Exclusion of Certain Damages** – In no event shall either party be liable to the other, whether a claim be in tort, contract, or otherwise, for any indirect, consequential, punitive, exemplary, lost profits, or similar damages in claims relating to PM's services provided under this engagement.
- 11. Receipt of Legal Process** – In the event PM is required to respond to a subpoena, court order, or other legal process (in a matter involving Client but not PM) for the production of documents and/or testimony relative to information PM obtained and/or prepared during the course of this engagement, Client agrees to compensate PM for the affected PM staff's time at such staff's current hourly rates, and to reimburse PM for all of PM's out-of-pocket costs incurred associated with PM's response unless otherwise reimbursed by a third party.
- 12. Termination of Engagement** – This engagement may be terminated by either party upon written notice. Upon notification of termination of this engagement, PM will cease providing services under the engagement. Client shall compensate PM for all time expended and reimburse PM for all out-of-pocket expenditures incurred by PM through the date of termination of this engagement.
- 13. Entire Agreement** – This Agreement is contractual in nature and includes all of the relevant terms that will govern the engagement for which it has been prepared. The terms of this Agreement supersede any prior oral or written representations or commitments by or between the parties regarding the subject matter hereof. Any material

In the event that the above transactions/matters is selected for examination by the IRS or other taxing authority, we are available to represent you at an additional charge and pursuant to a separate engagement agreement. This engagement and our fee for the analysis of the above transaction does not include representation in any examination or responding to other inquiries by taxing authorities.

Timing of Services

We expect to begin our review in November 2022. Our ability to timely complete this engagement is dependent on the impact of the Coronavirus pandemic, including Client's timely delivery of requested information and access to Client staff.

Professional Services Agreement – Tax Consulting Services Addendum to Plante & Moran, PLLC Engagement Letter

The terms of this Professional Services Agreement are incorporated into the accompanying engagement letter for Tax Consulting Services dated April 14, 2022 between Plante & Moran, PLLC (referred to herein and in such letter as “PM”) and Oakland University (referred to as “Client”).

- 1. Nature of Tax Services** – PM shall provide Client with the tax services described in the accompanying engagement letter. While PM is not obligated to provide any services not described, PM may agree to provide additional tax services under the terms of additional engagement letters requiring the payment of additional fees.

PM's tax services are provided in accordance with the Statements of Standards on Tax Services (“SSTS”) issued by the American Institute of Certified Public Accountants (“AICPA”) and Treasury Regulations stated in Circular 230.

Unless the context clearly indicates otherwise, PM provides its services based upon the existing state of the tax law. Tax laws may change through new legislation, the issuance of Treasury Regulations or administrative guidance, and through judicial decisions. PM is not obligated to provide additional services as a result of changes in tax law.

Client and PM acknowledge that PM may, at its own discretion and only to the extent it expressly agrees, provide tax services in the future which are not described in subsequent engagement letters (“Out-Of-Scope Services”). The parties agree that the terms of this Professional Services Agreement shall apply to the provision of Out-Of-Scope Services, unless such term is clearly inconsistent with the provision of such services.

- 2. Client Responsibilities** – Client, and not PM, shall make all management decisions, perform all management functions, and perform all implementation activities in connection with the subject matters addressed by PM's services.

Client, and not PM, shall evaluate the adequacy of PM's services and accept the results of those services. Client, and not PM, shall establish and maintain internal controls, including the appropriate oversight of activities in connection with this engagement. Client designates Mr. James Hargett, Interim Vice President for Finance and Administration to oversee PM's services.

Client shall timely provide all information necessary to facilitate PM's services. PM may request additional information. PM may suspend its services or terminate the engagement without liability in the event Client fails to provide all necessary information. Unless Client notifies PM otherwise, PM will accept that any information provided is true, correct, and complete.

Client shall comply with all applicable laws in connection with transmitting information to PM, including laws which provide privacy rights to third parties (“Data Privacy Laws”). Client shall not disclose personal data of data subjects (“Personal Data”) who are entitled to certain rights and protections afforded by applicable Data Privacy Laws to PM without notifying of its intention to transmit such information to PM prior to disclosure. Client shall make reasonable efforts to limit the disclosure of Personal Data to PM to the minimum amount necessary to accomplish the intended purpose of the disclosure.

- 3. Limitations on Tax Services** – The objective of PM's tax consulting services is to provide Client with tax services based upon Client's information. In the event that PM determines that it cannot perform the agreed-upon services without violating professional standards or applicable law, PM may terminate the engagement without liability.

PM will not audit or verify any information which relates to Client. Client shall not rely upon PM's services to identify the existence of any fraud, defalcation, or other irregularity existing within Client's organization and agrees that PM's services shall not provide any level of oversight of Client's internal controls.

Unless stated otherwise in the accompanying engagement letter, PM shall have no obligation to prepare or review any tax income tax or information return. For purposes of this agreement, “income tax return” shall refer to the return of income required to be filed by section 6012 of the Internal Revenue Code and “information return” shall include any return or other filing obligation required by any other provision of the Internal Revenue or United States Codes. A return shall not fail to be considered an information return under this agreement merely because it is required to be filed with an income tax return. As such, PM shall not be obligated to prepare quarterly estimated vouchers or payments, returns and/or informational filings with respect to foreign and offshore entities, activities and transfers of assets, or tax returns that Client may be required to file with states, municipalities, or other taxing or regulatory authorities. “Information returns” include, but are not limited to, returns reported on the following IRS forms: 926, 3520, 3520-A, 5074, 5471, 5472, 8300, 8308, 8594, 8805, 8833, 8854, 8858, 8865, 8898, 8921, 8938, 8992, W-2, W-3, and all variations of forms 1042, 1094, 1095, 1098, and 1099, including all suffixes.

Professional Services Agreement – Tax Consulting Services

Client shall be solely responsible for determining all filing requirements. PM may recommend that Client file additional returns but shall not be obligated to determine Client's filing requirements.

In connection with tax consulting services, PM may provide Client with advice related to issues associated with the reporting of items on Client's tax return, including advice relating to tax return positions, tax elections, and other issues. The parties intend that PM's provision of tax advice relating to Client's tax returns shall not cause PM to be a "non-signing tax return preparer" under Treas. Reg. section 301.7701-15.

PM may request copies of Client's (or certain related persons') tax returns not originally prepared by PM. PM may analyze the tax positions contained on such returns in connection with providing its tax services. Notwithstanding such analysis, PM shall not be liable for any damages related to tax returns that were not originally prepared by PM or the failure to advise Client of any opportunity or obligation to amend such returns.

PM shall not compile, review, or audit Client's financial statements under the terms of this engagement. Client shall not refer to PM in connection with any offering document or in any communication with any third-party regarding its financial statements or any other financial information.

No person who is not specifically named as a client in the accompanying engagement letter ("Third Party") is entitled to rely or benefit from PM's services. PM disclaims any liability to any Third Party. If Client discloses any tax return, documentation, information, or the contents of any oral or other written communication to any Third Party, Client shall notify such Third Party of the limitations contained in this paragraph, in writing, with written notification delivered to PM. For purposes of this paragraph, a disclosure shall not be deemed to include the filing of any tax return or providing any information to a governmental agency.

- 4. Governmental Review of Tax Returns** – Client's tax returns and other matters related to Client's tax obligations may be subject to examination, review, or inquiry by tax authorities. PM offers no warranty that tax return positions reported on prepared returns will be upheld and no additional taxes, penalties, or interest will be assessed.

Client, and not PM, shall maintain all documentation which may be required to respond to inquiries or examinations of taxing jurisdictions with respect to all matters related to returns, including copies of tax returns and proof of filing.

Unless stated in the accompanying engagement letter, PM shall not be obligated to respond, provide advice, or represent Client in connection with inquiries or examinations conducted by tax authorities.

Client, and not PM, shall be liable for any unpaid balances existing with taxing jurisdictions, whether such balances consist of tax, interest, or penalties. PM shall not be obligated to provide Client with advice or represent Client in connection with any tax collection matter.

- 5. Disclosure of Tax Positions** – Tax laws require that tax returns disclose certain tax positions unless there is a minimum required level of authority to support such positions. PM may recommend such disclosures. Notwithstanding PM's recommendations, Client, and not PM, is obligated in all respects with respect to disclosure of any tax return positions. PM is not liable for any tax consequences resulting from Client's failure to satisfy disclosure requirements.

Unless stated in the accompanying engagement letter, PM is not obligated to assist in the determination of whether a minimal level of support exists for a tax position, or to prepare any required disclosures.

- 6. Reportable Transactions** – Federal and some state tax shelter laws impose additional requirements upon taxpayers, including federal laws requiring additional disclosures in connection with reportable transactions, including some transactions occurring in the ordinary course of business. Under federal law, reportable transactions include (1) listed transactions; (2) transactions with contractual protections; (3) confidential transactions; (4) loss transactions; and (5) transactions of interest. More information regarding this requirement may be found at the IRS website at <https://www.irs.gov/businesses/corporations/abusive-tax-shelters-and-transactions>.

Federal reportable transaction disclosures may include the filing of IRS Form 8886 (or 8886-T) with tax returns and copies with the IRS Office of Tax Shelter Analysis. Taxpayers who are required, but fail, to file IRS Form 8886 (or 8886-T) may be subject to substantial penalties. In some cases, the obligation to file Form 8886 (or 8886-T) may continue after the filing of the tax return until the expiration of the period of limitations for assessing tax.

PM recommends that Client determine whether such laws apply to its transactions. Client shall notify PM in the event any transaction included within the scope of accompanying engagement letter constitutes a reportable transaction. Client, and not PM, shall be responsible for compliance with all "tax shelter" laws, including those arising from reportable transactions. Unless otherwise stated in the accompanying engagement letter, PM is not obligated to assist Client in the determination or satisfaction of any obligations existing under such laws or to prepare Form 8886 (or 8886-T).

Professional Services Agreement – Tax Consulting Services

7. **“Economic Substance” Doctrine** – Federal tax law requires all transactions to have “economic substance.” If a transaction lacks economic substance, then tax benefits (including tax credits and deductions) arising from the transaction may be disallowed.

If a tax return properly discloses a transaction which lacks economic substance, the IRS may assess a 20 percent penalty. The IRS may assess a 40 percent penalty if the transaction has not been properly disclosed. To avoid such penalties, PM recommends that Client determine whether such rules apply to any transactions.

Client, and not PM, shall be responsible for all matters with respect to transactions which may lack economic substance. Unless specifically stated otherwise in the accompanying engagement letter, PM is not obligated to assist Client in determining whether a transaction lacks economic substance or complying with any disclosure requirements.

8. **Foreign Account Reporting** – Federal law requires the disclosure of holdings of interests in foreign financial assets on FinCen Form 114 (Report of Foreign Bank and Financial Accounts) and / or IRS Form 8938. Failure to file such reports for an account may result in penalties of up to the greater of (1) 50 percent of the highest value of the account during the year of the failure, or (2) \$10,000. Additional civil and criminal penalties may apply if the failure is intentional. PM recommends that Client review its ownership of any foreign interests in order to determine any disclosure requirements.

Client, and not PM, shall be responsible for compliance with all matters related to the disclosure requirements of any holdings of interests in foreign financial assets. Unless otherwise stated in the accompanying engagement letter, PM is not obligated to assist Client in determining whether Client is the holder of interests in foreign financial assets requiring disclosure on FinCen Form 114 and / or IRS Form 8938, or the preparation of such forms.

Where PM has agreed to prepare Form 114 or 8938, Client shall provide PM with all information related to holdings of an interests in foreign financial assets that (1) Client holds directly, (2) Client holds indirectly, or (3) an officer of Client possesses signature or other authority with respect to such asset.

9. **Confidentiality, Ownership, and Retention of Workpapers** – During the course of the engagement, PM may have access to Client’s confidential, proprietary information. For example, PM may have access to general ledger balances, financial transactions, trade secrets, business methods, plans, and projects. PM shall comply with all applicable ethical standards, laws, and regulations in connection with the retention, protection, use, and distribution of such information. Except to the extent set forth herein, PM shall not disclose such information to any third party without Client’s prior written consent.

In connection with providing tax services, PM may communicate or exchange data by internet, e-mail, facsimile transmission, and other electronic methods. PM shall not be liable for the unauthorized interception of information by any third party.

PM may create and retain workpapers in connection with providing tax services. All workpapers shall remain the property of PM. PM shall maintain the confidentiality of any workpapers pertaining to Client.

PM may be required to provide tax returns, workpapers, and tax return information (collectively, “Confidential Information”) to governmental agencies or third parties pursuant to administrative or court orders (including subpoenas) in proceedings. PM shall not be liable for unauthorized disclosure in such circumstances. PM shall inform Client of the existence of any request for Confidential Information, unless otherwise prohibited by law, in a timely manner of such request and to reasonably cooperate with Client to limit such access.

In addition to circumstances in which PM is required to provide Confidential Information by pursuant to a request described above, PM may allow third parties to view Confidential Information with Client’s consent.

PM is not obligated to retain Client’s Confidential Information but may retain Confidential Information for purposes of complying with regulatory or legal requirements.

The terms of this paragraph shall apply after the termination or conclusion of this engagement.

10. **Consent to Disclosures to Service Providers** – In some circumstances, PM may use third-party service providers to assist with PM’s tax return services, both inside and outside the United States. In those circumstances, PM will be solely responsible for the provision of any services by any such third-party service providers and for the protection of any information provided to such third-party service providers. PM will require any such third-party service provider to: (1) maintain the confidentiality of any information furnished; and (2) not use any information for any purpose unrelated to assisting with PM’s tax return services for Client. In order to enable these third-party service providers to assist PM in this capacity, Client, by its duly authorized signature on the accompanying engagement letter, consents to PM’s disclosure of all or any portion of Client’s tax return information to such third-party service providers, including affiliates of PM outside of the United States, to the extent such tax return information is relevant to the services the third-party service provider may provide and agrees that PM’s disclosure of such information for such purposes shall not constitute a breach of the provisions of this Agreement. Until further

11. Fee Quotes – In any circumstance where PM has provided estimated fees, fixed fees, or not-to-exceed fees ("Fee Quotes"), these Fee Quotes are based on the quality of information provided by Client, and the nature and character of transactions involved, among other factors. Client acknowledges that if the information provided to PM is not true, complete, timely and accurate, Client may incur additional fees. By way of example and not by limitation the following are examples of circumstances that may result in an increase in fees:

- Client's failure to provide the required tax return information before any deadlines;

- Circumstances caused by the Coronavirus pandemic, including governmental responses;
- Circumstances requiring revisions to work previously completed or delays in resolution of issues that extend the period of time necessary to complete tax services; or
- Issues with other tax, legal, or other professionals that impact the current engagement.

PM will use best efforts to advise Client in the event such circumstances occur; however, the exact impact on the Fee Quote may not be determined until the conclusion of the engagement. Such fee adjustments will be determined in accordance with the Fee Adjustments provision of this Agreement.

12. Fee Adjustments – Any fee adjustments for reasons described elsewhere in this Agreement will be determined based on the actual time that PM staff expends at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred. All such fee adjustments will be made in accordance with payment terms provided in this Agreement.

13. Payment Terms – PM's invoices for professional services are due upon receipt unless otherwise specified in the engagement letter. In the event any of PM's invoices are not paid in accordance with the terms of this Agreement, PM may elect, at PM's sole discretion, to suspend work until PM receives payment in full for all amounts due or may terminate this engagement. In the event that work is suspended, PM offers no assurance that it will be able to meet any previously established deadlines related to the completion of PM's services, whether imposed by agreement or by law. PM shall have no liability to Client for damages as a result of suspending or terminating services where Client fails to pay amounts due PM on a timely basis.

14. Conclusion of Engagement – Client acknowledges that PM's obligation to provide services pursuant to this engagement shall terminate and the engagement will conclude, upon (1) PM's satisfactions of its obligations as described in the accompanying engagement letter or (2) termination of the engagement as specified elsewhere in this Agreement.

In addition, Client affirms that it is in compliance with applicable Centers for Disease Control and Prevention and OSHA guidance pertaining to the prevention of the transmission of disease (collectively, "Applicable Preventative Guidance") and agrees that it shall continue to comply with Applicable Preventative Guidance throughout any in-person visits by PM to Client's facility(ies). Notwithstanding the foregoing, PM reserves the right to suspend or refrain from any in-person visit by PM to Client's facility(ies) or impose further conditions on any such in-person visit if and as PM deems necessary. Client agrees and acknowledges that any determination by PM to visit Client's facility(ies) is not and shall not be construed to be or relied on by Client as a determination by PM of Client's compliance with Applicable Preventative Guidance.

This defense, indemnity, and hold harmless obligation includes the obligation to reimburse PM and/or the PM Persons for any legal or other expenses incurred by PM or the PM Persons in connection with investigating or defending any such losses, claims, damages, or liabilities.

19.
