

James Cavellier

Senior Vice President, Services Division of Comerica Bank

Mr. Cavellier is a Senior Vice President within the Information Services Division of Comerica Bank. He is presently responsible for all IT operations in the bank including both infrastructure and business systems.

Prior to this position, Mr. Cavellier was the director of Architecture and Technology Planning within Comerica. In this position, he was responsible for all enterprise architecture and strategic technology planning activities.

Mr. Cavellier is a member of the Michigan Technology Leaders (MTL) association and an executive mentor with “We Build Character” program in southeast Michigan. He also serves on the Board of Visitors for the School of Business Administration at Oakland University in Rochester, Michigan. It was there that he earned both his undergraduate degree (B.S.) in Management Information Systems and graduate degree (MBA).
