

**UNIVERSITY PERSONNEL ACTIONS**  
**A Recommendation**

1. **Division and Department:** Academic Affairs, Office of the Senior Vice President for Academic Affairs and Provost.
2. **Introduction:** The following sets of personnel actions require Board of Trustees (Board) approval. In addition, twice a year, the administration reports to the Board other personnel actions as information items.
3. **Previous Board Action:** The Board routinely approves personnel actions at its Formal Sessions.
4. **Budget Implications:** Changes in salary due to the promotion/change in faculty rank have been supported by the Board through the approval of Agreements between Oakland University and the Oakland University Chapter of the American Association of University Professors.
5. **Educational Implications:** Seasoned and knowledgeable faculty enhances the training and education of students. Recognition of a faculty member's long-standing dedication to the mission of the institution reinforces a culture that is devoted to excellence in teaching, research, creative endeavor, and service.
6. **Personnel Implications:** The personnel implications are as outlined in the recommendation below.
7. **University Reviews/Approvals:** Academic personnel actions are reviewed by faculty committees and academic deans, and are subject to the approval of the Senior Vice President for Academic Affairs and Provost. Administrative personnel actions are reviewed by University Human Resources and when appropriate, by the Office of the Vice President for Legal Affairs.
8. **Recommendation:**

RESOLVED, that the Board of Trustees approve the personnel actions below.

**Pickett, Scott M.**

Assistant Professor of Psychology  
Department of Psychology  
College of Arts & Sciences

Scott M. Pickett is a licensed clinical psychologist and research scientist; he recently completed a clinical research post-doctoral fellowship in adult psychology at the University of Michigan, Department of Psychiatry. Prior to his fellowship, he completed his Ph.D. in psychology from Northern Illinois University including a clinical residency at the Edward Hines VA Hospital in Chicago. His research interests include identifying risk factors and consequences of psychological trauma. Specifically, he employs experimental paradigms to investigate the impact of emotional avoidance and sleep disruption on the processing of traumatic emotional memories. His research is aimed at further understanding the development and maintenance of anxiety disorders and improving treatments for these disorders.

**Piscotty, Ronald J.**

Special Instructor in Nursing  
School of Nursing

Mr. Piscotty completed his Bachelor of Science in Nursing at Wayne State University in 1998, his Master of Science in Nursing Business and Health Systems at the University of Michigan, Ann Arbor in 2006, and is currently a Ph.D. in Nursing student at the University of Michigan Ann Arbor. Ron is expected to graduate with his Ph.D. in Nursing in 2012. His research interest centers around the impact that healthcare information technologies (HIT) have on nursing practice and quality and safety in hospital settings. Ron is specifically interested in examining the impact that electronic health record (EHR) embedded clinical decision support systems (CDSS) have on nursing processes and quality and safety outcomes.

Ron has taught courses in the undergraduate and graduate programs in the School of Nursing at Oakland University as a Visiting Instructor since August 2007. Mr. Piscotty has served on the School of Nursing's Undergraduate Committee on Instruction (UCOI), Simulation Committee, and was recently appointed to the Admissions Committee. Ron is board certified in Nursing Informatics from the American Nurse Credentialing Center. Ron is a member of several prominent nursing organizations including: Midwest Nursing Research Society (MNRS), American Nursing Informatics Association (ANIA), American Nurses Association (ANA), and Sigma Theta Tau (Rho Chapter).

**Solomonson, William L.**

Assistant Professor of Education  
Department of Human Resource Development  
School of Education & Human Services

William (Bill) Solomonson received his B.A. from Oakland University in 1993, his M.A. from the University of Michigan in 2004, and is a doctoral candidate at Wayne State University. At Wayne State University, Bill has taught Social Science Research Methods and co-taught courses in Learning Management Systems, Educational Product and Program Evaluation, and Human Performance Technology. Bill's research interests include the role of trust in the client-consultant relationship, the development of meta-cognitive learning skills in undergraduate students, and organizational performance improvement. Bill has authored several articles and has consulted several Fortune 50 organizations.

Since 2002, Bill has been actively involved in enterprise learning solutions including E-learning, distance education, and stand-up training. In 2006, Bill co-designed a patent-pending learning model that utilizes concise action-oriented instructional messages, procedural steps, reinforcement tools and job aid, and measurement.
