

LEARN TO LEAD!

Intern for the Office of Congressman Sander Levin and learn what it takes to represent a community!

Undergraduate students with an interest in government are welcome to apply to be an intern for the District Office of U.S Representative Sander Levin. This is an opportunity to experience first-hand the role a congressman plays within the community. Interns will explore the legislative process and learn how it affects the local community around us. Qualified students are focused, detail-oriented, and able to work well with a team. Take advantage of this grand opportunity to investigate public policy issues and serve your community!

**United States House of
Representatives**
